The Vote is In

We have a winner!

The trail shown in blue on the map has a new name.

The vote is in and the most popular name choice for the blue section of park trail is **Benchland Trail**.

Pussy Willow Lane is the traditional name for the bottom part of the trail to most Dallas users, a fact clearly communicated through emails and comments on our website.

From this feedback we decided to honour the tradition for the bottom portion of the trail, from the Dallas entrance to the top of the silt bluff.

The name **Ranger Bob's**

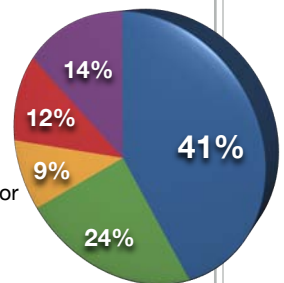

Loop has been selected for the loop joining the Benchland Trail, in honour of Bob Cuthbertson, long-time resident of Barnhartvale. A commemorative bench was placed along this trail by his wife Sally and friends on July 14, 2009, the first anniversary of his passing after a bout with cancer.

These names will be submitted to the folks at Parks and Recreation and you can look for them on the trail signposts in the near future.

If your favourite name did not make the cut, don't worry! There will be many more trails needing names in future.
